

# Tergeo®

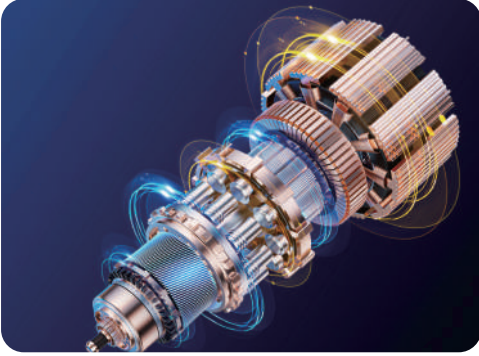

Dust to Tergeo, Time to Life

V50

# Model V50 cordless vacuum cleaner

## Feature list:

Compact and lightweight design with high-speed and high-efficiency brushless motor makes your cleaning easier and faster.

The specially designed roller brush body and comb teeth eliminate the hassle of long hair tangling around the brush.

The adjustable extension pole facilitates cleaning in diverse scenarios, such as stairs, windowsills, and ceilings.

Operating time ranges from 15 to 45 minutes across different modes and usage scenarios.

The detachable roller brush design facilitates easy cleaning and maintenance.

A single floor brush effectively cleans diverse surfaces—carpets, tiles, and hardwood floors.

Front-mounted LED lights illuminate dust under beds and in dark corners.

The detachable battery pack charges independently. Alternatively, charging battery while it put on the wall-mounted bracket, ensuring your vacuum is always ready for service.

Product provide three modes meet your different suction needs when you clean: ECO, Auto, and Turbo.

- ECO Mode
- Normal Mode
- Turbo Mode

### Specification

Battery pack voltage	21.6V
BLDC vacuum motor power	200W
Nozzle motor power	30W
Lithium cell capacity	2200mAh
Max capacity of dust tank L	0.7L
Max valid capacity of dust tank L	0.5L
Filtration style	HEPA H11
Wand style	Extension tube
Charge current	0.5A
Max suction	20Kpa
Max Noise	75 dBA
Runtime-ECO mode	45 min
Runtime-Standard mode	25 min
Runtime-Turbo mode	15 min
Accessories:	Wall-mount bracket 1pcs, crevice tool 1pcs, integrated brush 1pcs, filter foam 2pcs, dust bin clean tool 1pcs
Product weight	2.6 Kg
Package size	440*290*190mm
Load QTY 20'/40'/40HQ:	1035/2145/2436
