

Tergeo®

Dust to Tergeo, Time to Life

W10

W10 floor washer

Feature list:

SMART VACUUM & MOP 2-IN-1

Effortlessly tackle wet, dry, and sticky messes on hard floors with intelligent all-in-one cleaning.

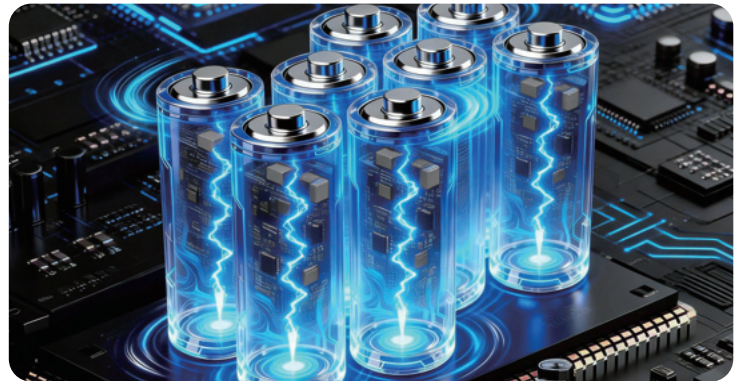

Powerful Cleaning Performance

The exclusive W10 brush roller hugs baseboards and reaches deep into corners, leaving floors streak-free and dry in minutes.

Hands-Free Maintenance

Never touch a dirty roller again. The one-touch self-cleaning cycle deep-cleans the brush roller and tubing, then centrifugally dries the roller—fast, hygienic, and effortless. A built-in pet hair strainer makes hair removal simple for pet-friendly homes. The 3-in-1 docking station stores and charges your unit for ultimate convenience.

Extended Usability

Enjoy up to 50 minutes of runtime across three modes. A 800ml clean water tank reduces weight for easier handling, while mini assistive wheels deliver smooth, bi-directional maneuverability—perfect for uninterrupted cleaning in larger spaces.

Clean Every Hidden Area

The W10 reclines fully to 180° and compresses to just 5.2 inches, gliding effortlessly under furniture and into low spaces. A 60° swivel design ensures flexible left-right movement, even when lying flat.

Specification	
Battery pack voltage	28.8V
BLDC vacuum motor power	150W
Nozzle motor power	30W
Lithium cell capacity	2600mAh
Charge current	0.5A
Unit lie down angle	180 degree
Clean water tank capacity (ML)	800 ML
Dirty water tank capacity (ML)	450 ML
Water Recovery Rate	≥85%
Max suction	16Kpa
Max Noise	81 dBA
Agitator dry method	Centrifugal Air Drying
Runtime-Vacuum mode	50 min
Runtime-ECO mode	30 min
Runtime-Turbo mode	20 min
Product weight	3.5Kg
Product size	218*271*1150mm
Roller Brush Width	271mm
Package size	705*320*295mm
Accessories:	Charge base 1pcs, Clean brush 1pcs, filter foam 2pcs, agitator assembly 1pcs
Load QTY 20'/40'/40HQ:	500/1000/1144 pcs
